## Introduction

Welcome to our booklet that explains about West Buckland School's extensive Scholarships programme. It is important to distinguish between scholarships and bursaries. Scholarships are intended to give gifted children the opportunity to extend themselves in their specialism and take advantage of the correct pathways to do that, whilst bursaries are means-tested annually and are there to support a family financially with school costs.

## Scholarships

**Academic, Sport, Drama and Music scholarships are available at point of entry to the school, from Year 7 to Year 10 and then at Sixth Form. Art scholarships are offered at Year 12.**

Scholarships are awarded to pupils who show ability, potential and the passion to extend themselves and to take advantage of the first-class teaching, coaching, and mentoring we provide.

At West Buckland School we believe in investing in our pupils and our scholars will benefit from a programme that seeks to nurture and enhance their individual talents whilst also providing them with a full and rounded education. Our expectations for scholars are high and we wish them not only to develop individually, but also to act as role models for their peers and ambassadors for the school.

## Expectations of a Scholar

The level of commitment expected of a scholar is high. All scholars will be required to participate enthusiastically in the life of the school, be a credit to the school, set a good example to other pupils and maintain a good attitude to learning. They will be obliged to contribute in activities relating to their scholarship discipline. All awards will be monitored for appropriate attitude and effort. Scholars who do not meet our expectations may have their Award withdrawn.

## The Process

Candidates must be registered to start the process of a scholarship application. For prospective students, a registration form can be found on our website along with the steps to application. A registration fee of £85 must be submitted electronically, along with the registration document, (current students are already registered).

All applicants should provide a copy of their latest school report and copies of any certificates that are relevant to the application. Any other testimonials and demonstrations of ability that are required are listed below. All applications will be considered by the Head and/or relevant Head of Department.

# Year 7-10 Scholarships

## Academic Scholarships

Scholarships are awarded to students at the point of entry to West Buckland Senior School, and are based on the internal academic testing, as well as prior school performance and a meeting with the Head or Assistant Head: Head of Middle School.

We do offer a number of Assessment Days, for students entering Year 7, in the Autumn Term. Alternatively, students can sit the assessment at West Buckland School at a time convenient to them. Students who live overseas or far away can sit the assessment at their own school under supervision of a teacher, or remotely by our Admissions staff, each to be by arrangement.

## **Expectations of an academic scholar**

Academic students are expected to be model students in attitude and achievement and take an active role in all aspects of school life.

### **Enrichment:**

Scholars will be monitored in their studies by their tutors and, in addition to high quality classroom teaching, have the opportunity to attend age-appropriate academic extension, a variety of enrichment events, such as creative writing workshops, Math-e-magicians, Biology Club and Junior Socrates as well as the Academic Extension Group (AEG) run by the Head of Academic Aspiration.
